                                                                                                        Szob

Projects

AI Image Generator | *Next.js, OpenAI API(DALL-E), MySQL*   **Current**

- ∗ Improved my familiarity with the OpenAI APIs (in this case DALL-E).
- ∗ Users can generate images using prompts with the help of a credit system (f.e: 1 prompt generation   3 credits).

Full-stack E-commerce Platform | *TypeScript, NextJS, MySQL, Tailwind CSS*   **Dec. 2023 - May 2024**

- ∗ Developed the marketplace for a final exam.
- ∗ Improved my problem solving skills, working under pressure. Forming a document for the platform (technologies used and user presentation).
- ∗ Introduced myself to countless UI libraries to customize my project to my liking.
- ∗ First time working with OpenAI API(gpt-3.5).

Guess the Map application for an online game | *TypeScript, Next.JS, TailwindCSS, ShadCN UI*   **February 2024**

- ∗ Created a quiz-like game for a multiplayer game(Multi Theft Auto), users had to guess based on song playing. (50-100 users at the same time)
